ABOUT THE FIRM

Sarson Funds is an independent provider of blockchain technology and cryptocurrency marketing and educational services focusing on the financial professional community and their clients. In collaboration with our investment manager partners, Sarson Funds seeks to bring Wall Street standards for research, risk management and transparency to digital asset investing.

TRADING ADVISOR

Future Set, LLC serves as the Partnership's Trading Advisor and maintains a Fiduciary Standard while managing Partnership capital. Sarson Funds, Inc supports the Trading Advisor through technical and administrative expertise, as well as market research for its investment strategies.

WHY THE CRYPTOCURRENCY ESG STRATEGY?

DIVERSIFICATION

Partnership assets are invested in an actively managed portfolio of 20-40 select cryptocurrencies that the Partnership's Trading Advisor believes meet the investment criteria of the Partnership.

METHODOLOGY

In normal conditions, 100% of the Partnership's portfolio will be allocated to cryptocurrency investments. The Partnership does not use leverage or maintain short positions.

SECURITY

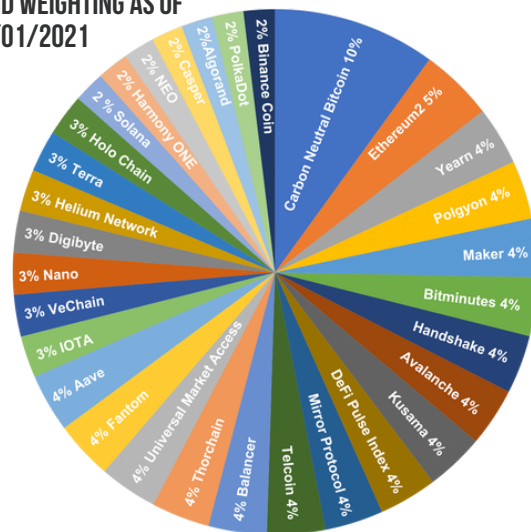

Security audits, position size limits, counterparty diversification requirements, independent administrators and cyber theft insurance hallmark the Partnerships best in class risk management.

PORTFOLIO ELIGIBILITY CRITERIA: THE FOLLOWING CATEGORIES ARE CONSIDERED FOR DETERMINING CONSTITUENT ELIGIBILITY

- Public Goods:** Non-excludable, non-rivalrous utilities and services that provide benefit to the public.
- Scaling and Interoperability:** Protocols implemented to improve the feature set of high-traffic Layer 1 networks, enabling fee reduction, energy cost/tax reduction, or higher throughput computing environments.
- Environmentally Sustainable Consensus Models:** Networks using Proof-of-Stake models, or similarly energy efficient consensus models. In cases of Proof-of-Work consensus, constituents will only be included on the basis of provably sustainable energy sources.
- Social Impact:** Constituents that demonstrate a disintermediation of centralized bodies, which drive current or potential positive effects for people and communities.
- Financial Inclusion:** Constituents that expand the reach of modern capital markets through permissionless and decentralized delivery of financial goods and services.
